SPJ Networks all over India

PREMIUM CAR ACCESSORIES

SPJ is one of the leading Car Accessories Brand.

SPJ deals in high quality and unique car accessories. The brand offers numerous products. The products offered under the brand are a result of extensive India focused consumer research.

SPJ has successfully established itself as a trustworthy brand.

SPJ has a pan India network and products are also sold across all leading e-commerce marketplaces.

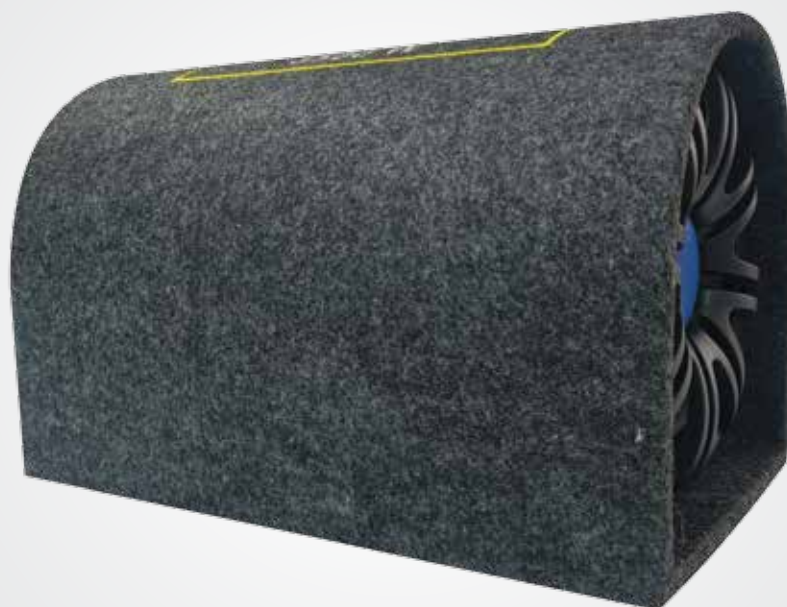

The company was founded in 2016 by Mr. Baldev Raj Kalra and since then it has achieved great heights.

SPJ has a team of trained experts to cater to extensive customer needs and provide efficient after sales service adhering to the specific requirements of each local market. With this unmatched team work.

Guided by a belief in global excellence and customer satisfaction, we have adopted an all-in-clusive approach that benefits all, whether it is our customer, the community or the environment.

8" BASSTUBE 3500W

- 8inch Sub-Woofer with Full Depth D-Shape Design. Mega Bass with Mono Amplifier suited specially for Low frequencies with Low Distortion
- Frequency Range- 35Hz-200Hz, Power Handling - 385W, Peak Power Handling- 3500W, Sensitivity (2.83V/m) - 90dB
- High Energy Strontium Magnet, Nominal Impedance 4 Ohms
- Mounting Strap to Secure the Subwoofer with Robust Grill for Cone Protection

10" BASSTUBE 5200W

- 10inch Sub-Woofer with Full Depth D-Shape Design. Mega Bass with Mono Amplifier suited specially for Low frequencies with Low Distortion
- Frequency Range- 35Hz-200Hz, Power Handling - 385W, Peak Power Handling- 5200W, Sensitivity (2.83V/m) - 90dB
- High Energy Strontium Magnet, Nominal Impedance 4 Ohms
- Mounting Strap to Secure the Subwoofer with Robust Grill for Cone Protection

CENTRAL LOCKING - 1 DOOR

- Additional Security Anti-Hijack mode: In case of a distress situation/ forced entry, you can activate Anti-Hijack mode, which would switch on the loud alarm and help raise attention.
- Advance features and flexibility: Silent mode is available which can be activated car lock/unlock with remote.
- This kit can also connect it to your alarm system giving you the ability to activate/deactivate your alarm and lock/unlock your doors at the push of a button using your alarm remote control.

CENTRAL LOCKING - 4 DOOR

- Additional Security Anti-Hijack mode: In case of a distress situation/ forced entry, you can activate Anti-Hijack mode, which would switch on the loud alarm and help raise attention.
- Advance features and flexibility: Silent mode is available which can be activated car lock/unlock with remote.
- This kit can also connect it to your alarm system giving you the ability to activate/deactivate your alarm and lock/unlock your doors at the push of a button using your alarm remote control.

CENTRAL LOCKING - 1 DOOR (FLIP KEY)

- Additional Security Anti-Hijack mode: In case of a distress situation/ forced entry, you can activate Anti-Hijack mode, which would switch on the loud alarm and help raise attention.
- Advance features and flexibility: Silent mode is available which can be activated car lock/unlock with remote.

8 LED REAR VIEW CAMERA

- **HD QUALITY:** Enjoy the HD quality camera while reversing the vehicle. No more frustrating blurry video while parking the vehicle
- **NIGHT VISION:** The camera has 8 LED Light modes that allow you to see clearly after dark
- **SHOCKPROOF AND WATERPROOF:** The IP67 Water-Resistant & Dust-Resistant technology ensures a safe drive during heavy rains or stormy weather
- **WIDE ANGLE VIEW:** Latest technology camera that provides a wider angle of view while driving backward at 150 degrees. Additionally, it provides distance scale lines for accuracy
- **COMPATIBILITY:** The Reverse Car Parking camera works well with most cars and trucks. Its cable is about 6m long, which makes it suitable for all cars and trucks

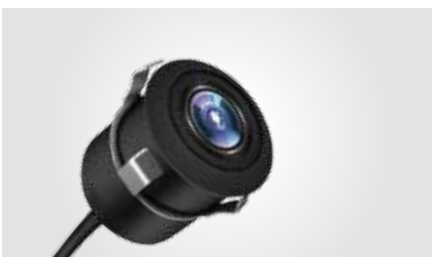

MOVING LINE REAR VIEW CAMERA

- **WIDE VIEWING ANGLE:** Wide Angle plus Built-IN Moving Distance Scale Lines. To work perfectly, you should adjust the flexible rear view camera, make it in the middle of vehicle's back vertical, in the suitable place of horizontal, then rotate the camera, make the body a little up or down etc. Adjust it as possible as you can to make the video more and more close to the real distance of car to roadblock, guideline is helpful.
- **FULL HD CAMERA:** Pictures are sensitive real time and continuous with the help of wired back up camera, you won't be disturbed when you reverse your car even in adverse weather. With Hi-definition color images, there is a much clearer video from this parking assist camera.
- **HD QUALITY:** Enjoy the HD quality Moving Lines camera while reversing the vehicle. No more frustrating blurry video while parking the vehicle

INFRA RED REAR VIEW CAMERA

- **HD QUALITY:** Enjoy the HD quality camera while reversing the vehicle. No more frustrating blurry video while parking the vehicle
- **NIGHT VISION:** The camera has 8 LED infra red Light modes that allow you to see clearly after dark
- **SHOCKPROOF AND WATERPROOF:** The IP67 Water-Resistant & Dust-Resistant technology ensures a safe drive during heavy rains or stormy weather
- **WIDE ANGLE VIEW:** Latest technology camera that provides a wider angle of view while driving backward at 150 degrees. Additionally, it provides distance scale lines for accuracy
- **COMPATIBILITY:** The Reverse Car Parking camera works well with most cars and trucks. Its cable is about 6m long, which makes it suitable for all cars and trucks

AHD REAR VIEW CAMERA

- **HD QUALITY:** Enjoy the HD quality camera while reversing the vehicle. No more frustrating blurry video while parking the vehicle
- **NIGHT VISION:** The camera modes that allow you to see clearly after dark
- **SHOCKPROOF AND WATERPROOF:** The IP67 Water-Resistant & Dust-Resistant technology ensures a safe drive during heavy rains or stormy weather
- **WIDE ANGLE VIEW:** Latest technology camera that provides a wider angle of view while driving backward at 170 degrees. Additionally, it provides distance scale lines for accuracy
- **COMPATIBILITY:** The Reverse Car Parking camera works well with most cars and trucks. Its cable is about 6m long, which makes it suitable for all cars and trucks

REAR VIEW MIRROR WITH CAMERA COMBO

- 5-inch TFT LCD screen, 170-degree wide angle, night vision car rear view system, wired waterproof backup camera
- This small and durable unit will keep you safe and secure as you'll always know what's going on around you Universal chipset, compatible with both pal and NTSC video system
- AV signal auto detecting power on/off under power-off condition When reverse gear is on, the system automatically starts to search for the camera signal and display backup video when parking is finished, it will switch off automatically

DASHBOARD MIRROR WITH CAMERA COMBO

- 5 INCH TFT LCD screen, 170-degree wide angle, night vision car rear view system, wired waterproof backup camera
- This small and durable unit will keep you safe and secure as you'll always know what's going on around you Universal chipset, compatible with both pal and NTSC video system
- AV signal auto detecting power on/off under power-off condition When reverse gear is on, the system automatically starts to search for the camera signal and display backup video when parking is finished, it will switch off automatically

TRUMPET HORN

CHROME HORN

- BRK ultra-reliable trumpet horns look and sound like nothing else on the road. These horns guarantee the attention needed in critical situations.
- Trumpet horns are for the performance oriented driver for whom a high level of safety combined with great design and high quality is key.
- BRL horns guarantee best functionality, optimum fit and long lasting customer satisfaction.
- Trumpet horns come with a M8 screw horn bracket and with flat connections of 6.3 mm, open, blade type.

TRUMPET HORN

- Black Plastic Trumpet Horns With Bracket
- Full Harmonious And Wide Sound Radiation
- Specifications: Voltage: 12V, Low Tone Frequency: 400 Hz, High Tone Frequency: 500 Hz, Sound • Level At 6.5Ft (2 Meters): 113 Db, Diameter: 80Mm

DAMPING SHEET 2.4 MM

2.0MM DAMPING SHEET

- Material : Composite on the basis of high-quality butyl rubber and polymers reinforced with an embossed aluminum foil with a seal
- Thickness of aluminum foil : 0.1 mm (100 um)
- Operating temperature range : -50°C to +160°C
- Strength of binding of butyl material to the surface of aluminum foil, not less than : 6 N/cm²
- Stability of a viscous polymer layer with a temperature of + 120°C for 24 Antivibration product that absorbs vibrations, self-adhesive, non-toxic, odorless, non-flammable (self-extinguishing), waterproof and oils with anticorrosive and sealing properties, does not contain bitumen additives (without tar and asphalt)

2.4MM DAMPING SHEET

- Material : Composite on the basis of high-quality butyl rubber and polymers reinforced with an embossed aluminum foil with a seal
- Thickness of aluminum foil : 0.1 mm (100 um)
- Operating temperature range : -50°C to +160°C
- Strength of binding of butyl material to the surface of aluminum foil, not less than : 6 N/cm²
- Stability of a viscous polymer layer with a temperature of + 120°C for 24 Antivibration product that absorbs vibrations, self-adhesive, non-toxic, odorless, non-flammable (self-extinguishing), waterproof and oils with anticorrosive and sealing properties, does not contain bitumen additives (without tar and asphalt)

TYRE INFLATORS

DIGITAL GAUGE WITH TORCH TYRE INFLATOR

- Unlike other plastic inflators which are delicate and noisy, BRK is an all-metal, solid-build, heavy-duty, tough and reliable air inflator.
- Most plastic body air compressors are delicate, noisy and not able to radiate out the heat generated during compression. This results in increased wear and tear of the inner parts. Metal air compressors are stronger, sturdier, can radiate heat better and have much lower noise and vibration.
- The technologically advanced direct-drive 180W heavy-duty 100% pure copper core motor provides superfast inflation. We have the industry-best inflation time of 0-30 psi in around 2 minutes for a 145/70 R12 size tyre (v/s 3.5 to 4 minutes in most other inflators).
- High precision, new age, backlit, speedometer-type digital gauge with preset and auto cut-off functions. Simply set the desired pressure in PSI and it will shut off automatically once the pressure is reached.
- With , thick, braided (knitted), heat-proof, rat-proof, rubber air hose for tyre inflation as opposed to a plain rubber hose found in other inflators.
- With anti-vibration rubber feet and 3m long power cord that comfortably reaches all tyres.
- With super bright LED light for use during dark/low light conditions.

METAL ANALOG GAUGE TYRE INFLATOR

- Powerful 150 Watt Heavy Duty Inflator: fills up Sedan/ SUV tyre (R15) in less than 2 minutes without even putting the car on jack.
- Digital gauge with auto cut-off. Set the desired pressure and Forget! The inflator will automatically switch off after achieving the set pressure.
- 10ft long cable and 6 ft long hose pipe - comfortably reaches all tyres. Flexible, braided tough hose pipe -> does not crack easily on bending. Metal screw & spring mechanism to ensure no air leakage.
- Anti-vibration inflator with rubber support pads, silent operation <70dB. Sturdy design allows 25 minutes continuous operation without overheating.

4 GAUGE AMPLIFIER WIRING KIT

- 17 Feet 4 AWG 1862 Strands Ultra Flex Red CCA Power Wire/3 Feet 4 AWG 1862 Strands Ultra Flex Black CCA Ground Wire
- 18 Feet 16 AWG CCA Speaker Wire/18 Ft.- 18 Gauge blue Remote Turn-On Wire
- One 17 Feet Black Bassik RCA Cable made from Oxygen Free Copper (OFC)
- Heat Tested, Water Resistent InLine Fuse Holder/ 80 Amp AGU fuse
- Connecting Terminals And Accessories

8 GAUGE AMPLIFIER WIRING KIT

- 17 Feet 8 AWG 1862 Strands Ultra Flex Red CCA Power Wire/3 Feet 4 AWG 1862 Strands Ultra Flex Black CCA Ground Wire
- 18 Feet 16 AWG CCA Speaker Wire/18 Ft.- 18 Gauge blue Remote Turn-On Wire
- One 17 Feet Black Bassik RCA Cable made from Oxygen Free Copper (OFC)
- Heat Tested, Water Resistent InLine Fuse Holder/ 80 Amp AGU fuse
- Connecting Terminals And Accessories

HEAD LAMP WIRING KIT WITH RELAY

- Compatible Vehicles: Cars and LCV's for H4 Application
- Voltage: 12V; Current: 30A
- Designed, engineered and manufactured to OE quality standards
- Long life and reliable performance

FOG LAMP WIRING WITH UNIVERSAL SWITCH

- Relay in 12V/ 65 Amps/ 800 Watts to withstand 100/90 OR 130/100 Watt Bulbs.
- All Wiring in Best Cables in India - High Copper Density provides smooth Current Flow
- Universal Holder In Bakelite for 130/100 & 100/90 Watt Bulbs - NO MELTING/ NO FUSING: Guaranteed
- 2 Piano Type Fuse Holders which can absorb immense Heat

HORN WIRING WITH COMBO

- MATERIAL: The horn wiring relay kit is made from premium quality high performance material with higher thermal resistance. The nikavi vehicle dual snail horn made from high quality metal material with charming shape and finished by good work.
- The Relay wiring kit has Special brackets to hold relays against vibration. RTV silicon sealing from top and bottom of holder for water proofing.
- Easy to work: our nikavi vehicle electric dual tone air horn only need 12V DC power, low power consumption and high performance. The relay Can be used with all high power as well as low power halogen bulbs. Stringent testing & high end validation of each component.

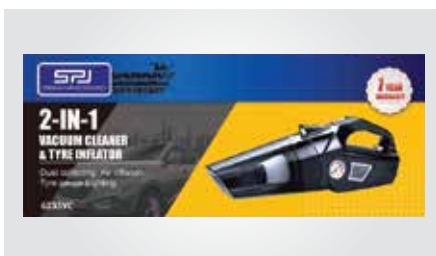

3 IN 1 MOBILE CHARGER

- SPJ is a 4.8AMP charging power car charger passed the rigorous test by USB compliance standard and it's fast and safe to provides you the best possible quick charging performance
- Quick charge 3.0 technology charges QC3.0 enabled smartphones up to 80 percent faster, up to 4X faster than standard chargers via USB C or micro USB cable (cables are not included)
- You can charge 3 devices simultaneously, it features 2 USB ports, 1 type C port, and 36w device output which is more than enough to charge smartphones or tablets at the same time
- With a built-in USB Type-C port with Power Delivery (PD), charge all USB-C compatible devices at full speed from this travel-ready car outlet adapter.
- It's built-in smart IC chip, ensures complete protection for you and your devices, including over-heating, over-current, high-temperature protection and short-circuit protection

UNDERSEAT SUBWOOFER

- Ultra-sleek, shallow subwoofer
- Optimally designed driver unit and low-resonance cast-aluminum enclosure
- Supplied wired remote commander
- High level input/Audio line input
- Single-sided controls and terminals
- 160-W peak (75-W RMS) output power

2 IN 1 VACCUM CLEANER + TYRE INFLATOR

- This multipurpose 2-in-1 device can be used both as a Car Vacuum Cleaner and a Tyre Inflator. This device features 2 independent dual motors for each function (vacuum cleaner and the inflator). This design solves the problem of high-load operation of the motor and helps extend the life of the machine.
- The technologically advanced 120W/12V DC Power 100% copper design motor ensures smooth, high power operation. Cleans your car quickly and even inflates a normal car tyre from 0-30 psi in around 2-3 minutes.
- The analog tyre pressure gauge does not require any batteries, has longer life than digital gauges and provides quick and 100% precise readings whenever needed.

DIGITAL VIDEO RECORDER (DVR)

- 2.7 inch LCD screen, 140° ultra wide-angle lens
- Take photos and video, records in 1080p Full HD video resolution
- Motion detection records even when you're not in the car
- Seamless loop cycle recording, no leakage seconds
- Supports TF memory cards up to 32GB; memory card not included
